NCEAC/HEC/Students Record/08-26/02

August 06, 2026

Vice Chancellors / Rectors / Heads of Institutions

Subject: **Submission of Student Records (Admissions 2025) on NCEAC System**

Ref: NCEAC letter no. NCEAC/HEC/Students Record/02-26/01 dated February 09, 2026

Dear Vice Chancellors / Rectors / Heads of Institutions,

All institutions are required to upload complete and accurate student admission data, including relevant academic and enrolment details by last day of December every year.

The National Computing Education Accreditation Council (NCEAC) sent a reminder on Feb 09, 2026, to all Higher Education Institutions offering computing programs to ensure the timely submission of student records admitted in the academic year **2025** on the **NCEAC online system**.

Those institutions who have not yet submitted the required data are advised to upload the student admission data **no later than Monday, 10th August 2026**.

This information is essential for maintaining an updated national database, facilitating accreditation processes, and ensuring compliance with NCEAC requirements. Institutions are therefore advised to carefully review their data before final submission to avoid discrepancies or delays in future evaluations.

In case of any technical issues or clarification regarding the data submission process, institutions may contact the NCEAC Secretariat through the official communication channels.

Please consider this as **Most Urgent**.

Your cooperation in meeting this deadline is highly appreciated.

Regards,

Prof. Dr. Shafay Shamail
Chairman NCEAC
