Chairman's Message

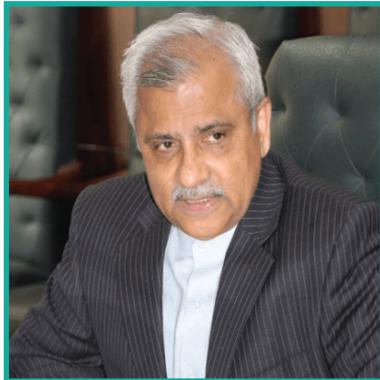

It is my pleasure to present the Annual Report of NCEAC for the financial year 2017 – 18. I thank all the (current and previous members) of NCEAC for their contribution and support in helping NCEAC improve the quality of computing education imparted by universities of Pakistan. I also acknowledge the guidance provided by the Quality Assurance Division (HEC), cooperation of the accredited universities, and the commitment of NCEAC secretariat staff.

I hope that universities offering computing programs shall continue to improve their standards with the assistance of NCEAC. Our next challenge is to move towards OBE (Outcome Based Education). This requires deciding PLOs (Program Learning Outcomes) and CLOs (Course Learning Objectives). It also requires continuous monitoring and documentation of all educational and student evaluation activities. The process does not end with graduation of students, but also extends to seeking feedback from alumni and their employers. All this requires a robust and extensive IT system to support all stages of OBE.

Dr. Mohammad Ayub Alvi
Chairman, NCEAC

Members (May 2017 - May 2021)

Introduction

NCEAC, established by HEC (Higher Education Commission) Pakistan, accredits computing programs offered by universities in Pakistan. It ensures that computing education imparted to students of computing is of high quality and meets the minimum standards prescribed by HEC. Accreditation by NCEAC is mandatory for every computing program offered by any public or private university or degree awarding institution in Pakistan.

In this age of information and knowledge, it is imperative to ensure quality and purpose of our educational programs. Computing profession, undoubtedly plays a pivotal role in the development of a nation. To improve quality of computing education in Pakistan requires regular review, guidance, and quality improvement mechanisms. Accreditation process is considered an effective instrument to achieve these goals.

Governing Council of NCEAC

Following are the current members of the Governing Council of NCEAC. The members are appointed by HEC for a period of four years. On 26th May, 2017, HEC notified the current membership of the Council.

	Name of Member	Designation & Department
1.	Dr. Ayub Alvi (Chairman)	Rector, NUCES (FAST)
2.	Dr. Shoab A Khan (Vice Chairman)	Professor, EME, NUST
3.	Executive Director	HEC
4.	Director General	QAA, HEC
5.	Dr. Faisal Ahmad Khan Kakar	Dean of Sciences, BUIITEMS, Quetta
6.	Dr. Jamil Ahmad	Vice Chancellor, KUST, Kohat
7.	Dr. M Jamil Sawar, Director IT	MTBC, Rawalpindi
8.	Dr. Manzoor Elahi Tamimy	Associate Prof., CIIT, Islamabad
9.	Dr. Muhammad Ali Maud	Professor, UET, Lahore
10.	Dr. Sayeed Ghani	Associate Dean, IBA, Karachi
11.	Dr. Zartash Afzal Uzmi	Director, Confiz Solution, Lahore
12.	Managing Director	Pakistan Software Engineering Board
13.	President	Pakistan Software Houses Association
14.	Chairman	Punjab Information Technology Board
15.	Secretary	Ministry of Information Science & Technology
16.	Director	Directorate of Information Technology, KPK
17.	Secretary	Information & Technology Dept , Baluchistan
18.	Secretary	Information Science & Technology Dept; Sindh
19.	Secretary	Ministry of Information Technology & Telecom
20.	Secretary	Secretary Education, Gilgit-Baltistan

Executive Summary

National Computing Education Accreditation Council (NCEAC) was established by HEC in 2005. This Council started off by forming a committee to develop a framework and standard operating procedures (SOPs) for Accreditation of Computing Education. The Council evaluated first program in 2006 (?). It also started an awareness campaign for the universities, so that they could prepare themselves for accreditation. Moreover, training programs were also started for its Program evaluators.

During the year under review (2017-18), NCEAC organized four workshops to improve skills of its Program Evaluators (PE's). These workshops were conducted in Karachi, Lahore, Peshawar and Islamabad. The objective was to strengthen accreditation capabilities of Program Evaluators, so that they could assess the programs in a uniform manner. These Training Workshops were organized with the cooperation of Quality Assurance Agency (QAA), HEC.

The NCEAC's General Council and the Accreditation Standard Committee meets four times in a year. Therefore, four meetings were held in HEC Islamabad during the year. These meetings were presided by the Chairman NCEAC.

NCEAC in collaboration with PASHA, organized Training seminars on "Emerging Technologies" from 8th August to 15th August, 2018 at Islamabad, Lahore, Karachi & Peshawar. These seminars were aimed at Computing graduates, Faculty members and industry professionals. The purpose of these training seminars was to create awareness and to impart some know-how about the emerging fields in Computer Science. These included Blockchain, Machine Learning, Cyber Security, Data Analytics & Big Data, Open Stack & Cloud Computing, and Freelancing.

Over the past year or so, NCEAC has been developing an Online Registration System for computing professionals, graduates and students. In the first phase, NCEAC has collected data of twenty five thousand computing students and graduates of Accredited Universities and Institutes. It is expected that this System will be ready during 2019.

NCEAC is also developing an online Accreditation Application for universities. This is to be launched in the first quarter of 2019.

NCEAC is working in close collaboration with universities of Pakistan to develop awareness about the benefits of accreditation.

Accreditation

An objective of accreditation is to ensure that degree programs are being offered with the help of prescribed facilities, and with at least a certain minimum faculty resources. This helps prospective students to gain confidence about the quality of education they can expect to receive at a particular university. It is a process to assure quality in degree programs in educational institutions. It would require an educational institution or program to meet a defined standards or criteria. It is not a ranking system. It is simply an assurance that a program or institution meets a minimum standard.

Accreditation helps the following purposes:

- o Assuring Quality
- o Guidance for Improvement
- o Easing Transfer of students between Universities
- o Recognition of Qualifications
- o Increase Employer Confidence

Importance of Accreditation

- o Helps students and their parents to choose quality university programs.
- o Enables employers to recruit better graduates.
- o Gives institutions and universities a structured mechanism to assess, evaluate, and improve the quality of their programs.

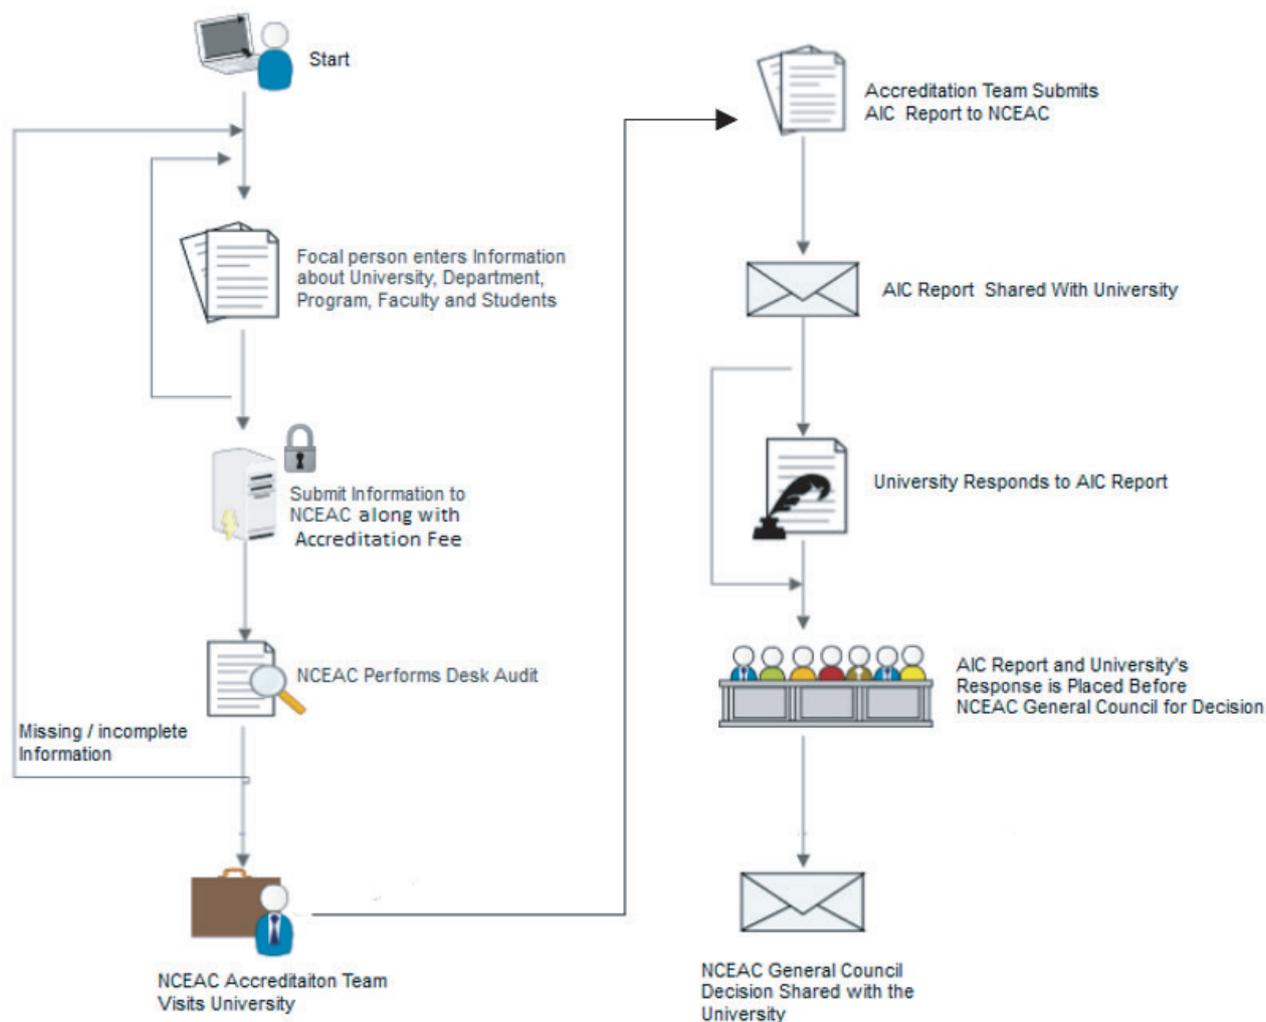

Scope & Accreditation Procedures

Scope

The following undergraduate (BS) programs in Computing fall under the purview of NCEAC:

- 1) Computer Science
- 2) Information Systems
- 3) Information Technology
- 4) Software Engineering
- 5) Bio-informatics

Online Accreditation Process Framework

Achievements

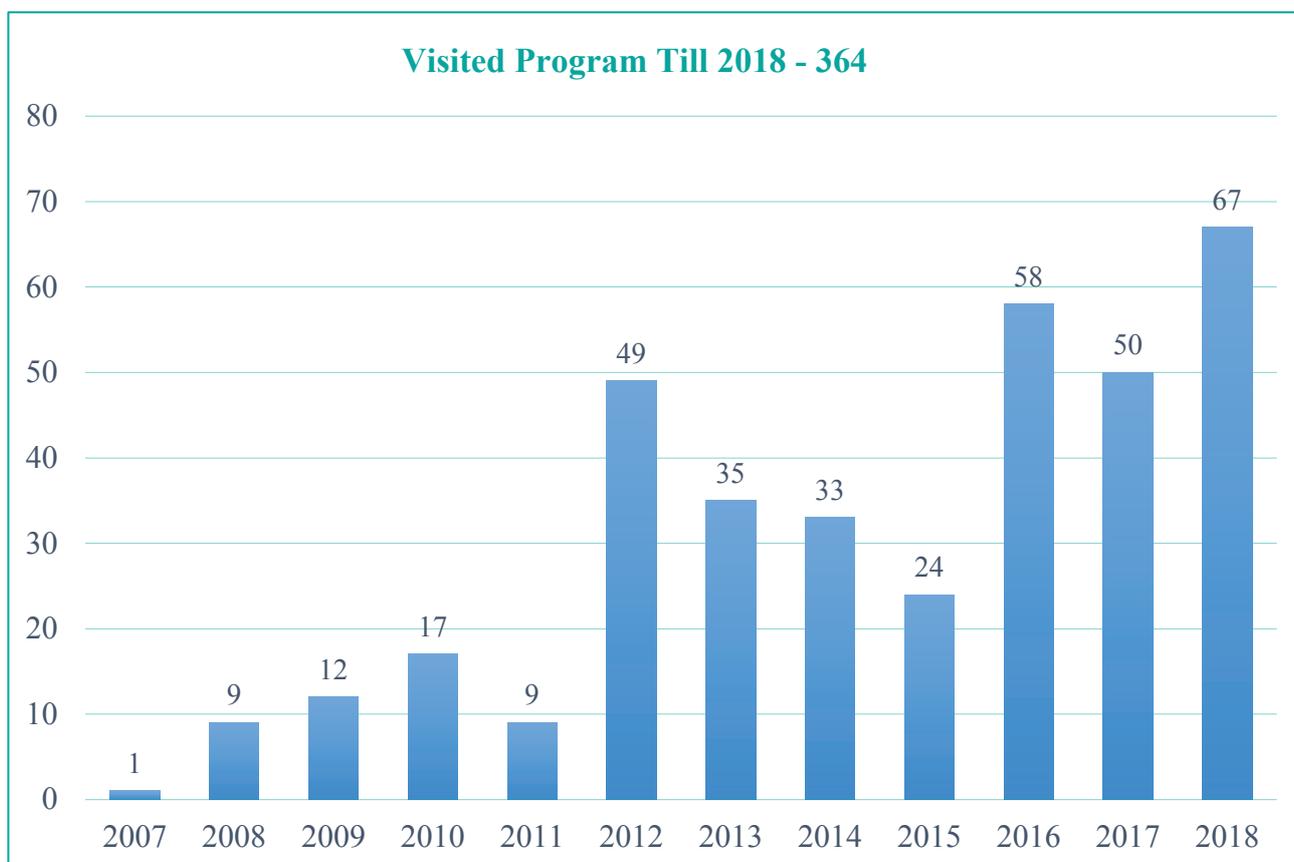

Programs Accredited

As of February 2019, NCEAC has accredited 332 undergraduate Computing Degree Programs (BSCS, BSSE, BSIT, BS-Bioinformatics & BSIS). List of NCEAC Accredited Programs is given in Annexure A:

Accreditation Inspection Committee Visits

During the Year 2017 & 2018, ninety eight degree programs of 72 Universities were evaluated for accreditation (some universities offer more than one computing program) These included first time visits and also repeat accreditation visits (to review progress on the recommendations of NCEAC for upgrading Computing labs, infrastructure, learning resources and other facilities).

Annual Program Accreditations

Programs Accredited Between July 1, 2017-June 30, 2018

Accreditation Inspection Committee

For every visit, NCEAC constitutes an Accreditation Inspection Committee (AIC) (from among the approved Program Evaluators.) to evaluate a program. The NCEAC Accreditation Inspection Committee comprises 2 to 4 Members.

Program Evaluators

Distinguished senior faculty members in computing domain are approved as Program Evaluators. They are faculty members in reputed universities. Evaluators are PhD in relevant field, with at least five years post PhD experience and at least 3 years teaching experience. NCEAC have currently 103 Program Evaluators, out of which 21 were inducted in 2017-18.

EVALUATORS BY SECTOR

Meetings and Workshops

General Council and Accreditation Standard Committee Meetings

NCEAC General Council (GC) evaluates the reports prepared by its Program Evaluators after accreditation visits. NCEAC GC deliberates on the observations of the accreditation team, to decide the batches of students to be accredited. Other operational matters are also considered in these meetings. During the Financial Year 2017-18, NCEAC held four General Council Meetings. In these Meetings, 72 degree programs of 47 Institutes were presented.

Group Photo after NCEAC 27th General Council Meeting Oct 19, 2017

NCEAC 28th General Council Meeting Oct 19, 2017

Region Wise Training Workshops of Program Evaluators

NCEAC conducted four Program Evaluators Training Workshop in different Regions. About forty participants from each Region attended these workshops. The Main focus of trainings was on:

- System of Accreditation (Zero Visit, Interim Visit & Accreditation Visit)
- Process & Procedure of Program Accreditation
- Selection of PEs & Outcomes of Accreditation Visits (Purpose of Accreditation Visit and PE Roles)
- Steps for Seeking Accreditation
- Proposed Improvements & Suggestions in Accreditation Process
- Features of Program Assessment and Accreditation
- Principles of Effective Assessment

- Code of conduct for Accreditation Inspection Committee (AIC)/Program Evaluators
- Attributes of Program Evaluators
- Format/Structure of the AIC Report /Sample Templates
- Assessment Exercise and Interaction with Stakeholders
- Accreditation as an Instrument of Quality Enhancement

NCEAC 4th Program Evaluator Training Workshop at Federal Region was held on March 2, 2018 at Margala Hotel Islamabad

(Dr. Shafay Shamail, Associate Professor-LUMS, Lahore was the Recourse person of training Workshop)

NCEAC 4th Program Evaluator Training Workshop at Sindh Region was held on February 8, 2018 at HEC Regional Centre Karachi

(Dr. Zubair A Sheikh, President MAJU, Karachi was the Resource person of this Workshop)

NCEAC 4th Program Evaluator Training Workshop at KPK Region was held on February 22, 2018 at HEC Regional Centre Peshawar
(Dr. Shafaat Ahmad Bazaz, Vice Chancellor, CASE Islamabad was the Resource person of this Workshop)

NCEAC 4th Program Evaluator Training Workshop at Lahore Region was held on February 17, 2018 at HEC Regional Centre Lahore
(Dr. Shoab A Khan, HoD CS, CEME, NUST, Islamabad was the Resource person of this Workshop)

Region Wise Training Seminars on Computer Technologies

A total of twelve training seminars were arranged with the collaboration of HEC, NCEAC and Pakistan Software House Association (P@SHA) in Islamabad, Lahore, Karachi and Peshawar. Out of twelve seminars, five were held in Islamabad, two in Lahore, four in Karachi and one in Peshawar. These seminars were attended by more than 150 participants. The Resource Persons for these seminars belonged to both academia and industry. They provided training on the following five topics:

- Blockchain
- Machine Learning
- Data Analytics and Big Data
- Cyber Security, and
- Open Stack and Cloud Computing

Mr. Haris Hassan (L) receiving a souvenir from Chairman NCEAC (R)

Participants of Training Seminar on Blockchain at Islamabad Region

Meeting of HEC Councils about Online Registration System for students, Alumni and Qualified Professionals

A meeting about “Registration of Students, Alumni and Qualified Professionals” was held on February 12, 2018, under the supervision of Quality Assurance Agency of HEC. It was attended by the Chairman and secretarial staff of the following Councils.

- National Business Education Accreditation Council
- National Accreditation Council for Teacher Education
- National Agriculture Education Accreditation Council
- National Technology Council
- National Computing Education Accreditation Council, and
- Representatives of Quality Assurance Agency, HEC

The Executive Director, HEC (Dr. Arshad Ali) briefed about the purpose of the Meeting. Chairman NCEAC briefed the participants about the previous three meetings on student registration system. NCEAC IT team demonstrated campus panel & administrative panel of the student registration system.

Upcoming Measures in 2019

- Accreditation Automation System
- Region Wise Training Seminars on Accreditation Automation System for Program Evaluators
- Region Wise Awareness Seminars for students and other stakeholders for the awareness of the benefits of Accreditation and feedback from employers about Alumni of graduates in the respective fields for improving quality of programs being offered at universities.
- Accreditation Inspection Visits of Accredited and non-Accredited Institutions.
- Induction & Training of new Program Evaluators for Accreditation Inspection Committee.

Independent Auditor's Report to National Computing Education Accreditation Council (NCEAC)

Opinion

We have audited the financial statements of National Computing Education Accreditation Council (NCEAC), which comprise of balance sheet as at June 30, 2018, income and expenditure statement and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of National Computing Education Accreditation Council as at June 30, 2018 and of its financial performance and its cash flows for the year then ended in accordance with approved accounting and reporting standards as applicable in Pakistan.

Basis for Opinion

We conducted our audit in accordance with the International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the 'National Computing Education Accreditation Council' in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Management is responsible for the preparation of the financial statements in accordance with approved accounting and reporting standards as applicable in Pakistan, and for such internal control as the Management determine is necessary to enable the preparation of the financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, Management is responsible for assessing the National Computing Education Accreditation Council ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Management either intends to liquidate the National Computing Education Accreditation Council or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the National Computing Education Accreditation Council financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statement

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

mk

Zia Masood Kiani & Co.
CHARTERED ACCOUNTANTS

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the National Computing Education Accreditation Council' internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management.
- Conclude on the appropriateness of Management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the National Computing Education Accreditation Council ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Council to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underline transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2018

Note 1

LEGAL STATUS AND PRINCIPAL ACTIVITIES

National Computing Education Accreditation Council (NCEAC) is a project established by Higher Education Commission (HEC) in exercise of the powers under Article 10, subsection "e" of the Presidential Ordinance No. 2 (1) 2002 - public dated 11-09-2002 and approved by the commission in meeting held on December 21, 2004 for the accreditation of computing degree programs of institutions and provision of professional assistance to organizations and students.

Note 2

BASIS OF PREPARATION

2.1 Statement of compliance

These financial statements have been prepared in accordance with the provision of the ICAP's Guideline for Accounting and Financial Reporting by Non-Government / Non - Profit Organizations.

2.2 Basis of measurement

These financial statements have been prepared under the historical cost convention.

2.3 Functional and presentation currency

These financial statements are presented in Pakistani Rupee which is the Organization's functional currency. All amounts have been rounded off to nearest Rupee.

2.4 Significant accounting estimates and judgments

The preparation of financial statements in conformity with approved accounting standards require the use of certain critical accounting estimates. It also requires the management to exercise its judgment in the process of applying Organization's accounting policies. Estimates and judgments are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. The areas where various assumptions and estimates are significant to the Organization's financial statements or where judgments were exercised in application of accounting policies are as follows;

- Useful lives and Residual values of operating fixed assets

Note 4

Summary of Significant Accounting Policies

Significant accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented.

Note 3, Summary of Significant Accounting Policies - Continued..

3.1 Property, plant and equipment

Property, plant and equipment are stated at cost less accumulated depreciation and impairment loss, if any. Cost comprises of acquisition and other directly attributable cost.

Depreciation is calculated by applying reducing method and charged to income and expenditure account to write off the depreciable amount of each asset over its estimated useful life at the rate specified in note 4. Full year's depreciation is charged in the year of purchase and none in the year of disposal.

Renewals and replacements are recognized in the carrying amount of the property, plant and equipment if it is probable that future embodied economic benefits will flow to the Organization. Other maintenance and repairs are charged to the income and expenditure account. Gain or loss on disposal is taken to the income and expenditure account.

The carrying amounts of the Organization's assets are reviewed at each balance sheet date to determine whether there is any indication of impairment loss. If any such indication exists, recoverable amount is estimated in order to determine the extent loss, if any. Impairment losses are recognized as expense in the income and expenditure account.

3.2 Intangible assets

Computer Software is carried at cost less accumulated amortization, and any identified impairment losses. Amortization is calculated, using reducing balance method, to allocate the cost of software over its estimated useful life specified in Note 5, and is charged to income for the year. Costs associated with maintaining computer software, are recognized as an expense as and when incurred.

The amortization on computer software acquired during the year is charged from the month in which the software is acquired or capitalized, while no amortization is charged for the month in which the software is disposed off.

3.3 Impairment

The carrying amounts of the Organization's assets are reviewed at each balance sheet date to determine whether there is any indication of impairment loss. If any such indication exists, recoverable amount is estimated in order to determine the extent loss, if any. Impairment losses are recognized as expense in the income and expenditure account.

3.4 Cash & cash equivalents

Cash and cash equivalents comprise cash in hand, cash at bank in current account, demand deposits and other short term highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of change in value. Cash and cash equivalents also consist of bank overdrafts repayable on demand, if any.

Cash and cash equivalents are carried in the balance sheet at cost.

3.5 Fund accounting

General fund comprises of the accumulated surplus/ deficits of unutilized funds and grants and are used by the NCEAC according to its own activity plans.

Note 3, Summary of Significant Accounting Policies - Continued...

3.6 Trade and other payables

Liabilities for accrued and other payable are carried at cost, which is the fair value of the consideration to be paid in the future for goods and services received whether or not billed.

3.7 Financial instruments

Financial assets and financial liabilities are recognized when the Organization becomes a party to contractual provisions of the instrument. These are initially measured at cost which is fair value of the consideration given and received respectively. These financial assets and liabilities are subsequently measured at fair value and amortized cost respectively whichever is applicable. The Organization derecognizes financial assets and liabilities when it ceases to be a party to such contractual provisions of the instruments.

Financial assets mainly comprise of cash and bank balances. Significant financial liabilities are accrued and other payables.

3.8 Income recognition

Grants are recognized as income on receipt basis, when received. Accreditation fee is recognized on accrual basis. Profit on bank deposits is recognized on receipt basis.

3.9 Expenditure recognition

Expenditure are recognized on accrual basis to income and expenditure account.

3.10 Provisions

A provision is recognized in the balance sheet when the Organization has a legal or constructive obligation as a result of past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and reliable estimate can be made of the amount of the obligation.

3.11 Off setting of financial assets and liabilities

Financial assets and liabilities are set off in the balance sheet, only when the Organization has a legally enforceable right to set off the recognized amounts and intends either to settle them on a net basis or to realize the assets and settle the liabilities simultaneously.

Press Release

NCEAC Bodies Discuss 32 Academic Programmes

The 23rd Meeting of Accreditation Standard Committee (ASC) and 28th General Council Meeting of National Computing Education and Accreditation Council (NCEAC) were recently held.

Dr. M. Ayub Alvi, Chairperson NCEAC presided over the meeting. Dr. Shoab A. Khan, Vice Chairman, NCEAC, ASC committee members and general council members were part of these meetings. A report on 32 recently evaluated programmes was presented along with recommendations. All recommendations about award of category and batches of the computing programmes inspected by programme evaluators were approved.

Moreover, NCEAC general council decided that December 31, 2018 will be the cut-off date for accreditation of computing degree programmes of institutions.

HEC, NCEAC Organises Workshops for Programme Evaluators

Quality Assurance Agency, Higher Education Commission, (HEC) Pakistan in collaboration with National Computing Education Accreditation Council (NCEAC) recently organised 4th Regional Programme Evaluators training workshops. The objectives of the workshops were to improve the relevant skills of NCEAC programme evaluators in undertaking accreditation inspection based on the criteria as set by the Council and to establish the credibility of

accreditation process, system of accreditation, accreditation standards, accreditation criteria, guidelines and procedures among stakeholders as an effective tool for quality improvement.

Based on Regional as well as institutional representation, 60 participants for the workshop were nominated as NCEAC new programme evaluators.
